

RYAN MARON

CRICKET COACHING PROFESSIONAL

PERSONAL PROFILE

Ryan possesses the attributes, skills and experience to impact any level of cricket team, having demonstrated this through his ownership of Cricket School of Excellence and his role as both West Indies and Afghanistan National side head fielding coach. His professional management skills, hands on approach and high-performance standards demonstrate his capability to impact players across the international spheres.

He has experience playing professional cricket in both South Africa and Europe, representing Western Province Franchise and clubs in both the UK and Holland. In 1999 he launched his Cricket School of Excellence which is now prominent across four provinces in South Africa and has coached multiple professional teams including the Sunfoil Dolphins Franchise (KZN, SA), West Indies National Cricket Team and Afghanistan National Cricket Team.

DOB: 24th February 1975

Jonty Rhodes

Player: South Africa - 1992 - 2003 & Asst. Coach: IPL
Mumbai Indians & Sunrisers

"When Ryan was the fielding consultant of Afghanistan, I saw first-hand the improvement in their fielding to international standard. Ryan did an outstanding job with the Afghanistan team during his tenure to improve this discipline of their game.

His contribution to their fielding, taking it from such a low priority, has been 1 of the factors that has elevated them to the cusp of Test Cricket, and a dangerous opponent in the Limited Overs format!

I can recommend Ryan as a specialist fielding coach to any international or professional team."

Andy Moles

Head Coach Afghanistan 2015

"I worked with Ryan Maron professionally when I was head coach of Afghanistan National side in 2014 and 2015 where he was my fielding coach.

Ryan is an outstanding fielding coach and the Afghanistan's national team fielding reached the standard required for international cricket under his guidance.

He was Afghanistan fielding coach before and during the 2015 ICC Cricket World Cup in Australia/New Zealand and before that for various ODI's and CWC T20 qualifiers in Scotland/Ireland that Afghanistan played during my tenure as head coach.

I can confidently recommend Ryan as a specialist fielding coach to any international or professional team."

Jimmy Adams

West Indies Director of Cricket & Former West Indies captain

"Ryan Maron joined the Cricket West Indies senior men's international coaching support staff in July 2017 as specialist Fielding Coach. He remained in this position until March 25th, 2018 during which time the squad competed in international tours to the UK, Ireland, Zimbabwe and New Zealand. These tours involved games played across all three formats of the international game – Tests, One Day Internationals and T20.

Throughout his tenure, I found Ryan very professional in his approach and consistently delivered quality fielding sessions on both match and practice days. His role involved both group and individual sessions within an overall remit to drive improved performance in fielding generally. In the period he worked with us, he increased the technical awareness of the squad and got players to accept more responsibility for their preparation and performance in his specialty area. This was underpinned by an approach that was data driven and outcomes that were measurable.

Ryan has an obvious passion for his role and communicates this passion in all his sessions. He possesses excellent reporting skills and consistently delivered reports in a timely manner. I found Ryan easy to work with and he is a good communicator who understands the concept and value of teamwork.

Given all the above I have no hesitation in recommending Ryan as an elite level Fielding Coach to any cricketing organization."

Jacques Rudolph

Former Proteas and Glamorgan Player

"I was privileged to play cricket against Ryan Maron in 1997 playing for Western Province and now the founder of the Cricket School of Excellence when I made my First Class debut for Northern Transvaal.

I was in awe of his batting prowess and thought he had the most exquisite cover drive and felt inspired. Over the last few years we have reconnected and I have followed his international coaching stints all around the world working with and alongside international sides (West Indies & Afghanistan) and stalwarts like Jonty Rhodes and Lance Klusener.

Ryan and his Cricket School of Excellence coaches proactive and energetic approach towards coaching makes them a pleasure to work with."

Mohammed Nabi

Afghanistan T20 Captain

"I've worked with Ryan Maron over the past few years and really appreciate his hard work, intensity, commitment, structures and passion for his work and my Afghanistan T20 team pushing the players hard at all times . He is a great value to my side."
